

## SUMMARY AND CONCLUSION

By means of the foregoing amendment, Applicant has placed the instant application in better form for examination by replacing the original literal translation of the text of the PCT international application with a substitute specification that is believed to be in closer conformance with U.S. patent practice, and by replacing the original claims with a set of claims that are in closer conformance with U.S. patent practice. Entry of the amendment is requested, together with examination.

Any comments or questions concerning this application can be directed to the undersigned at the telephone or fax number given below.

Respectfully submitted,
